## Objective

Aspiring IT student with a passion for technology and a solid foundation in computer science and seeking a challenging position to kickstart my career in the IT industry. Eager to leverage my academic background, technical skills, and problem-solving abilities to contribute to the success of a dynamic organization. A quick learner with a strong dedication to continuous growth and a commitment to delivering innovative solutions to complex IT challenges.

## Skills

- Programming Languages: Learnt both Java and Python, with hands-on experience in academic assignments.
- Web Development: Familiar with JavaScript, with a keen interest in front-end development and creating user-friendly interfaces.
- Problem-Solving: Strong analytical skills and the ability to approach challenges creatively and critically.
- Communication: Excellent verbal and written communication skills, capable of collaborating effectively in team-oriented environments.

## Relevant Coursework

- Object based programming
- Intro to information technology
- Discrete math

## Experience

FEB 2023 - PRESENT

Barista | Starbucks

- Communicated with customers on a daily basis, and handled some uncomfortable situations on the spot.
- Made drinks in a quick and fast-paced environment while maintaining food safety guidelines.
- Made sure all of my customers were comfortable and happy when getting served with simple conversations
